

TALK
Derby

LET'S TALK DERBY!

TALK Derby is about everyone helping children across our city develop their speech, language and communication skills.

By **spending more time talking and listening** to children, we can help them with their learning, education and opportunities into adulthood.

We can **all** make a difference.

Sign the free TALK Derby pledge today and get involved:
talkderby.org.uk/pledge

TALK Derby is funded by the Department for Education as part of the national Opportunity Area programme.

TALK Derby DAY

Wednesday 1 July

SAVE THE DATE!

TALK Derby DAY is an opportunity for everyone in Derby to get involved – and we'd love you to be part of it.

We're inviting organisations across the city to stage activities on 1 July which encourage face-to-face conversations – between adults, and with children and young people.

Here are some ideas to start you off:

- **Parents, childminders, community groups** – games or picnics
- **Primary schools, nurseries** – storytelling or 'show and tell' sessions
- **Secondary schools, colleges** – debates or practising interviews
- **Employers** – networking, desk swaps or an email-free day

You may already be planning other relevant activities which you can choose to stage on 1 July, so that they're part of **TALK Derby DAY**.
